Congratulations!

18th July 2014, a date that will always be remembered by all KAED staff. On that day, IIUM held its annual Quality Day that took place at Cultural Activity Centre (CAC) and KAED was announced as the 2nd Place winner in the Quality Agency Award (Academic).

KAED were presented with the trophy along with RM 4000.00 as the prize money.
The prestigious award
Congratulations Prof. Dato' Sri Ar. Dr. Asiah Abdul Rahim!

In conjunction with anniversary of Hari Keputeraan Yang Ke-83 Kebawah Duli Yang Maha Mulia Sultan Pahang, a program called Pengurniaan Darjah Kebesaran Dan Pingat Negeri Pahang Darul Makmur organized by State Secretary of Pahang. Event was held in Istana Pahang Kuala Lumpur, Jalan Persiaran Raja Chulan on 1st May 2014 to receive:

Darjah Kebesaran Sultan Ahmad Shah Pahang Yang Amat Dimuliakan - Peringkat Pertama Sri Sultan Ahmad Shah Pahang (SSAP) with title Dato’ Sri.

Ramadhan Al Mubarak has arrived …
In between our busy schedule, struggling to complete job scopes, tasks and assignments, Ramadhan comes gracefully as promised by Allah swt.

Ramadhan is here to be embraced with the opportunity for all of us to strengthen our ties with our Creator, to beg for mercy and forgiveness, to cleanse ourselves from our daily sins, to seek Rahmah and His blessing so that we ‘graduate’ from Tarbiyah Ramadhan and become a better person; mentally, physically and spiritually.

For the past months, various mishaps and misfortunes has happened around us that I loathe spelling out in this little space…

Ramadhan Shareef, the month of happiness and transformations, is gently slipping away, whilst some of us are busy cleaning and refurbishing our homes for visitors on Eid Mubarak, many of us are increasing their ibaadah, cleansing and sprucing their hearts with the hope of forgiveness and Jannah in the afterlife. However, whatever our activities are, we MUST NEVER FORGET our MUSLIM brothers and sisters in GAZA, PALESTINE, EGYPT and SYRIA are fighting against oppression and aggression at every waking moment; imposed and masterminded by the Yahuds Laknatullah, Nasaras and their puppets. Please pray (solat hajat) and doa for them constantly as this is our most valuable contribution for the Jihad that they go through every day.

Selamat Hari Raya Aidilfitri

Wassalam

Sincerely;
Rosniza Othman

PPD award is intended to catalyze creativity, in inspiring talented designer to even greater height and paving inroads into new opportunities for self and industry growth. For this event, Br. Mohd Thaqif won the 3rd place in this competition with his product design.

The Product Design – Petalgrip Mini Organizer
On the 23rd to 29th of June 2014, the 16th ARCASIA Student Jamboree 2014 took place in the International Islamic University Malaysia (IIUM), Gombak. IIUM had a joint-agreement with Pertubuhan Arkitek Malaysia (PAM) to host one of the prominent international architectural student event and the preparation and smooth running of the event was a joint-workforce between PAM and the Department of Architecture, IIUM. As a host, IIUM provided accommodation at Mahalah Sumaiyyah, food and beverages for breakfast, lunch and dinner and transportation consists of 9 buses and 2 vans with sincere intention of warm welcoming the student jamboree participants. Alhamdulillah, so far all feedbacks IIUM received from the student jamboree participants have been positive and some has stated they left IIUM and Malaysia with a very fond memory of the food, Mahalah Sumaiyyah, the bus-rides and the whole of ARCASIA Student Jamboree event.

The student participants and student volunteers having a photo break at Padang Merbok during the Lafarge Mural Imprint Activity.
Student participants having a productive day at Padang Merbok during the Lafarge Mural Imprint Activity.

Alhamdulillah it was a successful event with valuable experience to those involved, particularly the student participants and volunteers. The Department of Architecture is thankful to PAM for the opportunity to host such joyful and prominent event and also highly grateful to all student volunteers for their excellent job in making the event a success.

Jazakallahu khairan kathira.
The 7th Nippon Paint Young Designer Award (NPYDA) 2014 Launch Ceremony

It is that time of the year again and our students are filled with enthusiasm to test their creative design, and presentation skills in the 7th NPYDA 2014 Competition. 20 students from the Department of Architecture attended its Launch Ceremony which was held in Universiti Malaya campus on the 22nd of May 2014. Their participation was upon invitation, inclusive of sponsored and pre-arranged transportation by the committee of NPYDA 2014. Let’s support their sincere intention or niat and pray for their best performance, insyaaAllah.
UMRAN 2014 is a one day seminar event organised by Dept. of Landscape Architecture, Kulliyyah of Architecture and Environmental. The third year Landscape Architecture students conducted the Landscape Seminar under the prerequisite subject for Topical Studies. This event is held annually, where students prepare for the seminar within one. The preparation was supervised by Landscape Seminar coordinator, Asst. Prof. Dr. Aniza Abu Bakar, supported by members of the department and the kulliyyah.

The seminar started early in the morning by a welcoming speech from the programme director of UMRAN2014, Br. Aizuddin Iklil Shah bin Ahmad Shafiee, and followed by the opening ceremony by Prof. Sr. Dr. Khairuddin Abdul Rashid, the Dean of KAED. This year, UMRAN2014 have invited Emeritus Prof. Dr. Muhammad Awang, the Vice Chancellor of SEGi University College, as the keynote speaker.
This year, “FOSTERING ECOSPHERE IN THE BUILT ENVIRONMENT” was selected as the main theme. Four sub-themes were outlined to support the main theme. The sub-themes were “EXCEEDING THE NORM OF SUSTAINABILITY IN BUILT ENVIRONMENT”, “VITALIZED BUILT ENVIRONMENT AS CATALYST FOR HEARTIER COMMUNITY”, “GREEN TECHNOLOGY INNOVATION AS AN INDICATOR FOR EMERGING CHALLENGES” and “CULTURE AND ART TOWARDS ENHANCING THE QUALITY OF LIFE”. All participants prepared and presented their research papers according to the sub-themes.

There were 23 papers from the Landscape Architecture department and eight papers from other departments. Participants also submitted their posters for the research poster competition. Three major events were conducted during this seminar, which was the poster competition, the seminar presentations, and the best paper and best poster awards. The poster competition was held one day before event day. All posters were judged by a panel of reviewers from KAED based on several criteria.
There were 23 papers from the Landscape Architecture department and eight papers from other departments. Participants also submitted their posters for the research poster competition. Three major events were conducted during this seminar, which was the poster competition, the seminar presentations, and the best paper and best poster awards. The poster competition was held one day before event day. All posters were judged by a panel of reviewers from KAED based on several criteria.

The winner of poster competition was the team of Sr. Norul Hafizah Yusoff and Sr. Nurfaezah Ghani, under the supervision of Mdm. Putri Haryati Ibrahim. The title of the research is “Perception of Campus Community Towards the Application and Practicality of Campus Farming in IIUM, Gombak”. Another competition was the best research paper, won by the team of Sr. Annur Jalilah Ramlan and Sr. Ainul Samihah Albahori, supervised by asst. Prof. LAr. Dr. Khalilah Zakariya. The title of the paper is “Assessing the Values and Potentials of Public Art in Campus Public Space”. Winners won RM 150 (best poster) and RM 300 (best paper) respectively. The awards were delivered by the Head of Department of Landscape Architecture, Asst. Prof. Dr. Nor Zalina Harun.
Student Volunteers: IM4U Project at Jalan Duta

On Saturday, 21st of June 2014, a volunteering programme entitled ‘Projek Keceriaan Jejambat Jalan Duta’ was held and organized by the Ministry of International Trade and Industry (MITI).

Six students from the second year Bachelor of Landscape Architecture programme volunteered for this event. The students were Nur Nadia Musa, Nurul Amirah Badrulhisham, Noradilah Mat Sayuati, Nur Shazmiera Rosmidar Roslan, Myzatul Akmal Abu Samah and Mohamad Azim Izumi.

Acknowledgement by the Minister

All involved participants

Hoeing ground and watering activity

The Minister started to plant first

Compacting the soil after planting
The event involved planting of shrubs underneath Jalan Duta’s bridge. After the opening ceremony that was officiated by the Minister of International Trade and Industry, the honourable Dato’ Sri Mustapa bin Mohamed, the participants were sent to the designated areas for planting. The six of us were in the same group and we were involved in the beautification activity of the landscape underneath the flyover of Jalan Duta. The activities included planting new plants from five species of shrubs, hoeing the ground, weeding, fertilizing and watering the plants. The programme went on for about 4 hours and we finished our tasks at 12 o’clock.

This programme gave a positive impact and experience to us as students, which is to realize the importance of involving in public activity and to mingle with the society from all level of ages. As promoted by IM4U, a community service event like this is an initiative of the Malaysian government to encourage volunteering among Malaysian youth. Other than that, the programme suited us as Landscape Architecture students through our efforts to revitalize dead spaces with planting and protect the environment to create a greener city.
The Finale: Design Thesis Presentation

On the 8th of May, 2014, the 4th Year Landscape Architecture students conducted their final presentation for design thesis, where 32 students presented. The presentation was held in parallel sessions at two studios in KAED. The students were divided into four groups according to the themes of their projects: Urban Design, Ecological and Park Design, Culture and Heritage, and Institutional Landscape. Each presenter was given 10 minutes to present their project and show their work through design drawing, models and multimedia. The assessors for the presentation were lecturers from the Department of Landscape Architecture. Students from the 1st, 2nd and 3rd Year also attended the presentation to gain exposure and learn from their seniors. To sum up, the design thesis presentation went smoothly throughout the day. A variety of analysis approaches and creative design ideas can be seen from the different projects.

The students have received constructive feedback from the assessors to further improve their design thinking in the future, in preparing them for the industry. There are definitely a lot more things to learn and to improve in our journey to become professional Landscape Architects, but the overall comments were that generally everyone was satisfied with the works presented by the students. On the other side, the students were happy and pleased to finish their degree and ‘the finale’ of the four-year journey in a good way. Alhamdulillah.
At 9.00 am, 69 students boarded two IIUM buses at the Bus stand in front of KAED building. They were accompanied by two lecturers and one tutor; Sr. Yahaya Mohd Yunus and Asst. Prof. Dr. Nur Affah, assisted by Sis. Nor Fazlina Manaf. All students and staff brought along with them safety helmets obtained from KAED workshop.

At 10.15 am the buses reached the project site.

The group went to the completed show house where four staff of the developer was waiting to receive.

All students were then grouped outside the show house. Mr. Mohd. Rizzal Shamat, the Project Manager from Worldwide Holdings then explained about the project. Special emphasis on the QS aspects of the project was made by him, such as the procurement process as well as the cost aspects (Figure 1)

Figure 1: Students listening to briefing by Mr. Mohd. Rizzal Shamat, the Project Manager from Worldwide Holdings
Group photo was then taken by the Developer for their record, prior to the visit to the houses.

The students went round the show houses first to have an idea of how a completed house would look like, before they actually visited those houses under construction (Figure 2 and Figure 3).

Figure 2: Show house - Bungalow

Figure 3: Show house - Semi-D
The students were then divided into 2 groups and proceeded to different part of the project, to avoid congestion. Each group went to houses of different stage of progress to see the detail of construction involved. They were able to see (and understand) floor and wall finishes, roof and ceiling construction, doors and windows construction, as well as water and sanitary piping systems. Along the way, students were encouraged to ask the accompanying staff about the construction details (Figure 4 and Figure 5).

Since quality was the main concern of the developer, the contractor chosen had a very good track record in completing on time as well as high quality output. So, students managed to see some best practices in construction.

Figure 4: Labours working on site
> quantity surveying

Studio Visit: AQS 1200 (cont.)

Figure 5: Building materials on site
Since quality was the main concern of the developer, the contractor chosen had a very good track record in completing on time as well as high quality output. So, students managed to see some best practices in construction.

At 12.20 pm, the visit was concluded, where KAED staff, namely Sr. Yahaya Yunus, gave a thank you remark and handed the Kaed/IIUM souvenir to the host (Figure 6).

Alhamdullillah, the visit was very fruitful indeed, without any incidences.
Meeting with Profesor Setsuko Isoda

Meeting with Profesor Setsuko Isoda from Department of Architecture and Civil Engineering, Kumamoto National College of Technology, Japan. The objective of discussion is finalize IIUM and KNCT student collaboration project on 17th-23rd August 2014.

> staff’s contribution

"He who is not merciful to people
Allah will not be merciful to him."
Seeking Lailatul-Qadr (the Night of Decree)

It is the greatest night of the year like the Day of Arafah is the greatest day of the year. It is a night about which Allah revealed a full Surah, Suratul-Qadr (Al Qadr/1-5) and (ad-Dukhan/3-6)

It is the night when Quran was reveled.
It is the night when the Message sent to Mohammad, (p.b.u.h.) started.
It is the night when the light that would illuminate mankind to the end of life, started.
It is the night when every matter of ordainment is decreed.
Allah says in what can be translated as:

"Verily! We have sent it (this Quran) down in the Night of Decree (Lailatul-Qadr). And what will make you know what the Night of Decree is? The Night of Decree is better than a thousand months. Therein descend the angels and the Rooh (i.e. Jibreel [Gabriel]) by Allah's Permission with all Decrees, Peace! until the appearance of dawn." (Al Qadr/1-5)

and in Surat ad-Dukhan:

"We sent it (this Quran) down on a blessed Night. Verily, We are ever warning (mankind of Our Torment). Therein (that Night) is decreed every matter of ordainment. Amran (i.e a command or this Quran or His Decree of every matter) from Us. Verily, We are ever sending (the Messenger). (As) a Mercy from your Lord. Verily! He is the All-Hearer, the All-Knower. (ad-Dukhan/3-6)

A person who misses Lailatul-Qadr is really a deprived person!

Abu Hurairah reported that the Prophet (p.b.u.h.) said " The blessed month has come to you. Allah has made fasting during it obligatory upon you. During it the gates to Paradise are opened and the gates of Hellfire are locked, and the devils are chained. There is a night (during this month) which is better than a thousand months. Whoever is deprived of its good is really deprived (of something great). (Ahmad, an-Nisa'i and al-Bayhaqi)

What happens to the person who witnesses Lailatul-Qadr? and what should one do?

Abu Hurairah (May Allah be pleased with him) reported that the Messenger of Allah (p.b.u.h.) said : "Whoever stands (in prayer) in Lailatul-Qadr out of Eemaan (faith and sincerity) and seeking reward then his previous sins are forgiven". (Bukhari)

It is recommended to supplicate a lot during this night, it is reported from our mother Aishah (May Allah be pleased with her) that she said: "O Messenger of Allah! What if I knew which night Lailatul-Qadr was, then what should I say in it?" He said.- "Say.- (Allahumma innaka 'affuwun tuhibbul 'afwa fa'tu 'annee.)

"O Allah You are The One Who pardons greatly, and loves to pardon, so pardon me.". (at-Tirmidhi and Ibn Majah with a Sahih Isnad)
